USER INTERFACE AND DESIGN

Create a prototype with familiar and unfamiliar navigation elements. Evaluate ease of use with different user groups using proto.io

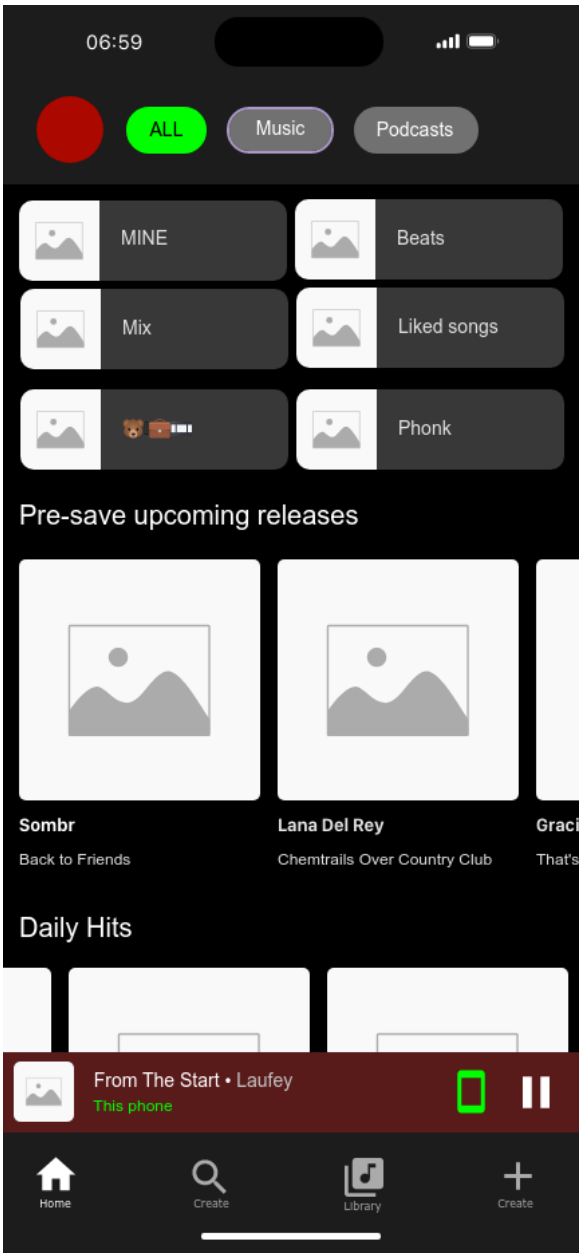
Screen 1: Home Page (Music Dashboard)

Familiar Icons:

1. Home Icon (🏠) – Bottom Navigation Bar
    a. A universally recognized navigation icon.
    b. Clicking it takes the user to the main home/dashboard screen.
2. Search Icon (🔍) – Bottom Navigation Bar
    a. A widely recognized icon used for searching for songs or artists.
    b. Clicking it opens the search screen.
3. Library Icon (Music Note) – Bottom Navigation Bar
    a. Commonly used in music apps to represent saved songs and playlists.
    b. Clicking it navigates to the user's music library.

Possibly Unfamiliar Icons:

1. Create Icon (+) – Bottom Navigation Bar
    a. Represents creating playlists or content.
    b. Some users may not immediately associate it with music creation.
2. Category Chips (ALL, Music, Podcasts)
    a. Used as filter controls instead of traditional tabs.
    b. May be slightly unfamiliar for first-time users.



Screen 2: Create page

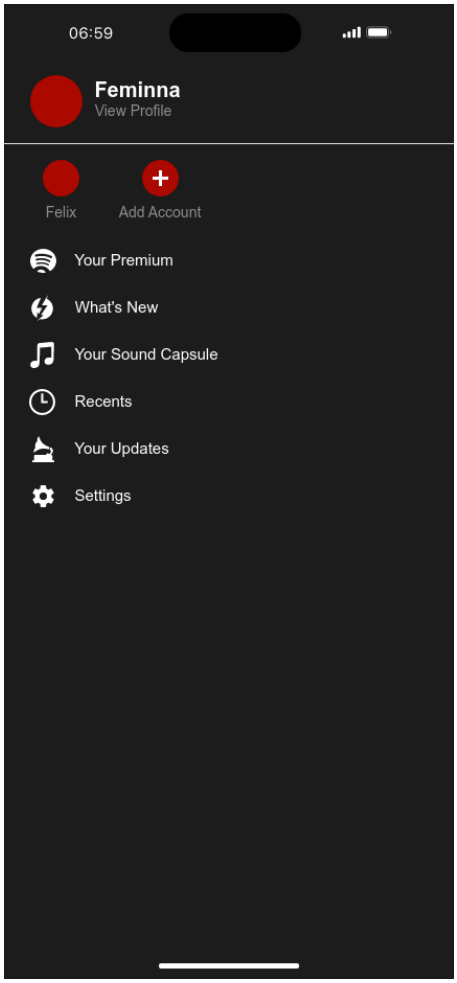
Familiar Icons:

1. Album/Playlist Thumbnails (Image Cards)
    a. Standard UI elements used in music streaming apps.

    b. Click opens playlists or songs.
2. Mini Player Controls (Pause Icon ⏸) – Bottom
    a. A highly recognizable music control icon.
    b. Used to pause the currently playing song.

Possibly Unfamiliar Icons:

1. Device Icon (Green Phone Symbol) – Mini Player
    a. Indicates playback device (This phone).
    b. Not all users may immediately understand its function.
2. Horizontal Scroll Sections (Daily Hits, Pre-save)
    a. Modern UI pattern but may be unfamiliar to non-tech users.



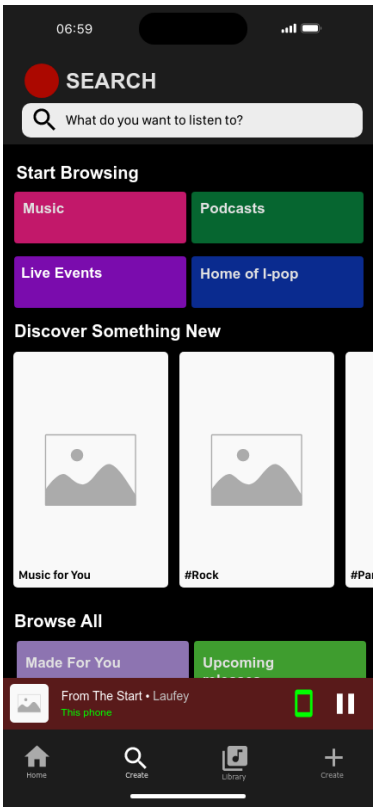
Screen 3: Search Page

Familiar Icons:

1. Search Icon (🔍) – Search Bar
    a. A universally understood symbol for searching content.
    b. Allows users to search songs, artists, or albums.
2. Category Buttons (Music, Podcasts, Live Events)
    a. Clearly labeled navigation elements.
    b. Easy to understand and interact with.

Possibly Unfamiliar Icons:

1. Color-Coded Genre Cards
    a. Visual navigation instead of icon-based navigation.
    b. Some users may rely on text rather than colors.



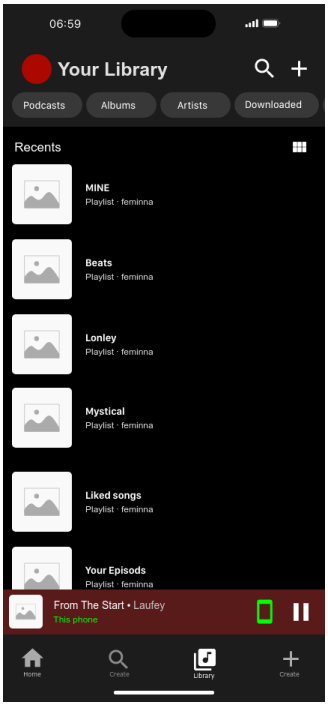
Screen 4: Your Library Page (List View)

Familiar Icons:

2. Back Navigation Structure (Library Tab Highlighted)
    a. Indicates the current active page.
    b. Common in most mobile applications.
3. Search Icon (🔍) – Top Right
    a. Used to find saved songs and playlists.
    b. A standard and recognizable icon.
4. Plus Icon (+) – Top Right
    a. Commonly used to add playlists or new content.

Possibly Unfamiliar Icons:

5. Filter Tabs (Podcasts, Albums, Artists, Downloaded)
    a. Advanced filtering UI.
    b. May require user learning for first-time interaction.



Screen 5: Library Grid View Page

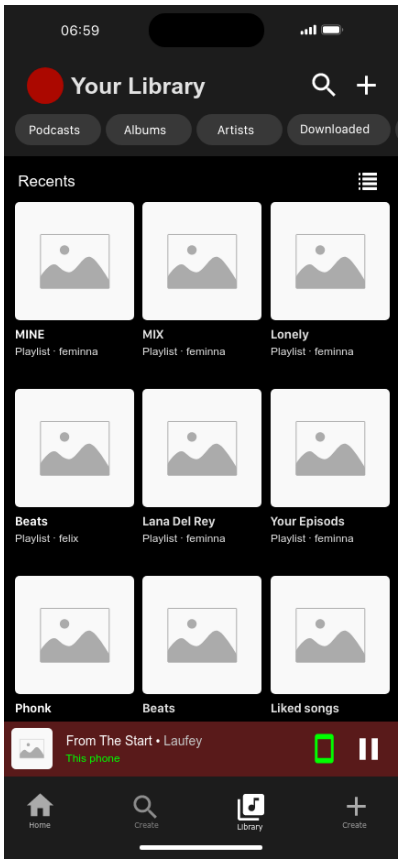
Familiar Icons:

1. Playlist Cover Images
    a. Standard representation of playlists.
    b. Clicking opens the selected playlist.
2. Bottom Navigation Icons (Home, Search, Library)

a. Common across music streaming platforms.
b. Helps in quick navigation between core features.

Possibly Unfamiliar Icons:

1. Grid/List Toggle Icon (Top Right)
    a. Used to switch between grid and list view.
    b. Not always immediately recognizable for all users.



Screen 6: Profile / Menu Page

Familiar Icons:

1. Profile Icon (Circle Avatar) – Top
    a. Represents user account and profile section.
    b. Clicking allows profile viewing and editing.
2. Settings Icon (⚙)
    a. A universally recognized icon for application settings.
3. Music Icon (♫) – Your Sound Capsule

    a. Common symbol representing music-related features.
4. Clock Icon (🕒) – Recents
    a. Used to indicate recently played content.

Possibly Unfamiliar Icons:

1. Premium Icon (Spotify-like Symbol)
    a. May not be familiar to new users.
